March 14-28 -- Mississippi Weaves III
December, 1991 -- Weaving Exhibit, DGNB Gallery Downtown.

December Meeting Minutes

The December meeting, as always, was our Holiday Loom Crawl and therefore there was not much of a "meeting." Hazel read a letter from Marsha Harris. Roc Day was discussed, along with plans to caravan to New Orleans for the event. There was no other business discussed, but there was plenty of fun, food and fellowship. Wish I had been there!

Respectfully submitted, Virginia Rogers.

From the Director's Go-Cart

Yep, it's time to get off the couch and on the go! Happy New Weaving to each of you in 1991. Many of our earlier dreams are now coming to reality in the fullness of time, especially the HGA Board meeting here from January 24 to 27, and our third biennial Mississippi Weaves is off the ground with mailing today. Many thanks for all your support and help in every way during this busy season. I know you will continue to lend a hand wherever needed.

My mother continues to improve in the Infirmary at Friends Home in Greensboro. Thanks for your expressions of concern for us. As Hazel says,

EWE are special!!

--Margaret Williard

Notes/Announcements

Add this name to your directory of members: Jann Ferris, Rt. 1, Box 179, Vicksburg, MS 29180.

January Program -- Our knitting workshop will feature Guild members as instructors to teach the basics of knitting and incorporating knitting into handwovens. You will need light colored acrylic thread and size 7 needles. If you are a "closet" knitter and have not been contacted by Margaret Pittman, plan to come and help teach all of us novices!

HGA Board Meeting -- We're really looking forward to this event, and things are pulling together nicely. We must complete the sign-up for meals for the meetings. The list is published below--if you can add or need to make changes, please call me at 856-3142 or Margaret W. at 362-2633.

Mississippi Weaves III -- The dates are set. The call-to-entries is out. But there is still a lot of work to do--publicity, invitations, catalog, party planning, not to mention weaving! We get down to more business at the January meeting.

Scrapbook -- Tina is working on the scrapbook and asks that anyone having photos or other items of interest please bring them to the January meeting.

Indigo -- Tina is also trying to plant some indigo, but can find no source for seeds or plants. If you have information on this subject that could help Tina in her search, please call her at 673-9114 or plan to see her at the meeting.

Spinning session -- There will be an informal spinning session after the January meeting. Tina Bradford will be on hand if you need some help getting started or other pointers. Plan to bring your wheels!

Roc Day -- We hope to hear a report from those who attended Roc Day on Jan. 5.

HGA Board of Directors Meeting Sign-up
